

Andrii Veremiienko

LEAD JS DEVELOPER

Cherkasy, Ukraine

ABOUT ME

Lead JS Developer with 11+ years of experience building and shipping web and mobile products, the last 7 of them at Ekreative, where I lead a development team delivering complex client projects end to end. I combine hands-on full-stack engineering (React, TypeScript, Node.js, AWS) with team leadership, clean architecture, and modern AI-assisted development workflows. I enjoy difficult, ambiguous problems and care about maintainable code and mentoring the developers I work with.

Open to remote work or hybrid work in Cherkasy.

WORK EXPERIENCE

Ekreative | Cherkasy

2021 - 2026
5 yrs 2 mos

Project Team Lead

- Lead a cross-functional development team, owning delivery end to end — from architecture and estimation through release and production support.
- Owned frontend & full-stack delivery for a US telehealth platform (React, TypeScript, Vite, Tailwind CSS) with real-time video consultations and secure messaging (Zoom SDK, Twilio, WebSocket).
- Designed and maintained CI/CD pipelines (GitHub Actions) and production monitoring/alerting (Datadog, Sentry), improving release reliability and reducing time-to-deploy.
- Drove complex refactors and architecture decisions on a large, long-lived codebase, keeping it maintainable while the product and team scaled.
- Introduced AI-assisted development workflows (Claude Code, n8n automations) across the team, cutting repetitive work and speeding up delivery.
- Mentored developers through code review, pairing and technical guidance; set coding standards and led key technical decisions.

Ekreative | Cherkasy

2019 - 2021
2 yrs 4 mos

Web Developer

- Built and maintained production web applications using React, TypeScript, NgRx and modern frontend tooling.
- Worked across the stack on client products, collaborating with designers and backend engineers to ship features end to end.

Pascalium | Cherkasy

2015 - 2019
4 yrs

Web Developer

- Delivered web and mobile applications for a range of client products, owning frontend implementation and styling.
- Built cross-platform mobile apps and contributed to full project lifecycles from prototype to release.

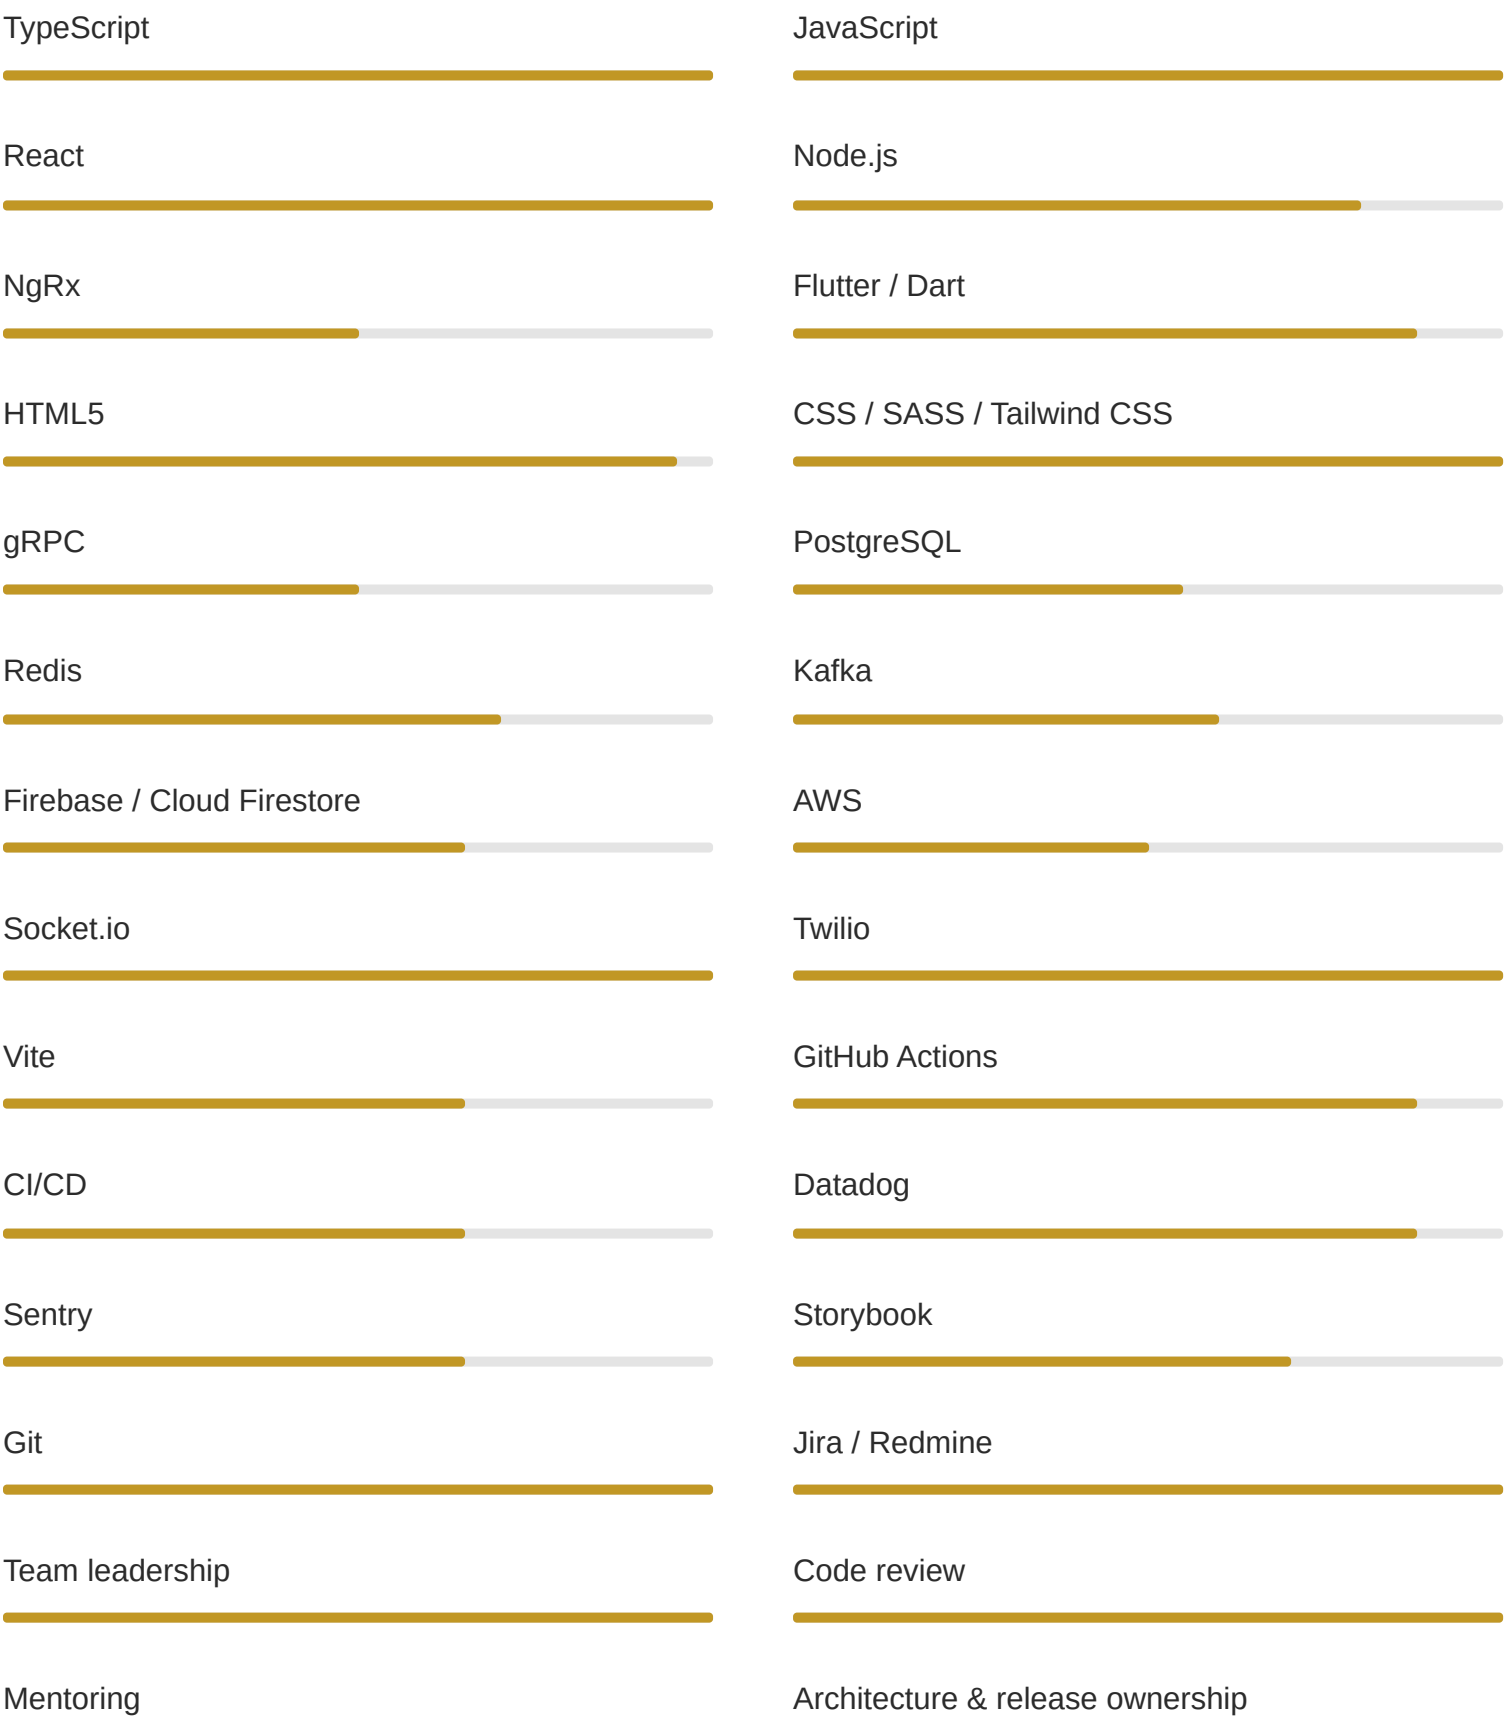

Webkate Ltd | Cherkasy

2014 - 2015
7 mos

Web Developer

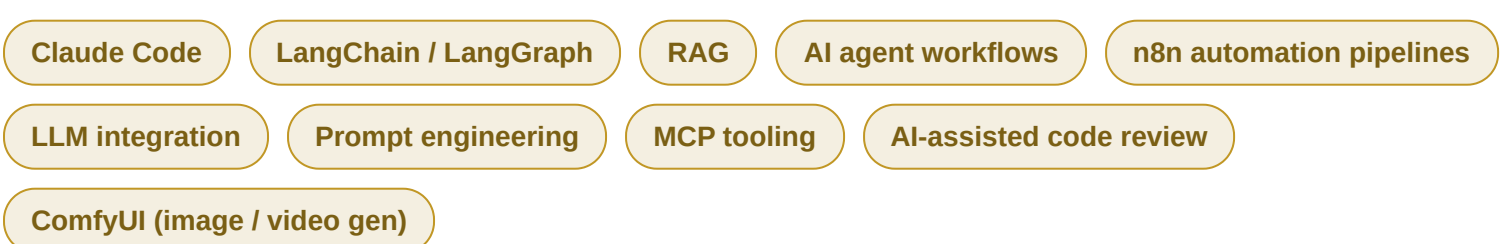

- Developed responsive, cross-browser web interfaces and supported ongoing client projects.

SKILLS

AI-ASSISTED DEVELOPMENT

I actively use AI tooling in day-to-day engineering — writing and reviewing code, automating repetitive work, and building AI-powered features into products.

EDUCATION

ISMA University of Applied Sciences | Latvia

2025

Professional Master's Degree, Computer Systems / Systems Analyst

2023 - 2025

Cherkasy State Technological University | Cherkasy

2014

Specialist Degree, Faculty of Information Technologies and Systems

2012 - 2014
